EXPLANATORY.

The various districts in the city correspond very nearly to their original limits previous to annexation. Boston proper includes Wards 6, 7, 8, 9, 10, 11 and 12; Brighton, Ward 25; Charlestown, Wards 3, 4 and 5; Dorchester, Wards 16, 20 and 24; East Boston, Wards 1 and 2; Roxbury, Wards 17, 18, 19, 21 and 22; South Boston, Wards 13, 14 and 15; West Roxbury, Ward 23.

When the Post Office address differs from the district in which a street is located, it is put in parentheses immediately following the district.

Electric cars run on all streets marked with a star and when there is no electric line on a street, the nearest point is given where a car may be taken.

A few streets and private ways are without numbers. In such cases the probable numbers are given so as to indicate the approximate length of the street. The numbers in the first column are on the right side of a street, in the second column on the left side.

Proposed streets are so designated and are located so as to be easily found. Old streets which have recently been given new names are retained in the List, showing their former location and the present name of the street.
